

## Call to Artists

East FEAST Vancouver is accepting project grant proposals from artists or artist groups living or working in the Grandview-Woodland & Strathcona neighbourhoods

The EAST FEAST is a micro-funding social event that directly supports local artists who live or work in the neighbourhoods of Grandview-Woodland & Strathcona. Through ticket sales to this event, ticket holders will be served a beautiful meal while listening to the short listed artist project presentations. After the presentations the ticket holders will vote on their favourite presentation, and that artist group will receive the funds raised!

This FEAST is grassroots micro-funding at its best, relying on community engagement to be successful.
