

BRITANNIA OUT OF SCHOOL CARE
Welcomes

artsUMBRELLA™

Two workshops, twelve weeks each

Every WEDNESDAY from October 1, 2014 to Spring 2015

Children will have the opportunity to participate in age appropriate Creative Drama and Visual Arts activities.

Creative Drama: A class packed with fun and exhilarating theatre games, which encourages children to develop their imagination, creativity, and self-confidence. They will learn the basics of improvisation, mime, and movement through the process of interactive story-telling and an exploration of characterization.

Visual Arts: Using many varieties of tools, techniques and materials to express their own creativity by applying critical thinking and problem solving skills with a practicing art instructor. Children will use a variety of materials including charcoal, chalk, pastel, watercolours and many other media to create artworks that depict inspiration from practicing artists.
