

## **Artist Trading Cards/ATCs Workshop and ATC Trading Event**

**Come and join us!**

Artist trading cards (or ATCs) are miniature works of art about the same size as modern trading cards, baseball cards, or 2 1/2 by 3 1/2 inches (64 mm x 89 mm), small enough to fit inside standard card-collector pockets, sleeves or sheets.

The ATC philosophy addresses the commodification of art and the hierarchies of the art establishment. Among the guidelines for ATCs are these: making them does not require special skills, equipment or materials; ATCs are not critiqued or judged; anyone can make them. ATCs are made specifically for trading.
