## President's Message

Time has flown by since my last message. We keep rolling along, working to support our community. We work collaboratively to identify gaps and develop evidence-based strategies to build the most inclusive community in Vancouver. We work through the lens of reconciliation, recognizing that our community includes the largest urban Indigenous population in Vancouver, who lead, share, and connect here. We are proud of our community, our team, and our collective work to deliver excellent community services!

We are continually blazing new trails with our innovative partnerships and strategies. These include the Hip Hop Drop, Reconciliation In Action, East Van Votes, Our Place, Mother's Day Powwow, Moresports, Graduation Strategy, RISE Indigenous Youth Leadership, Britannia Renewal, and our newest project-the Youth Incentive Program (YIP) which supports youth to gain work experience, and build financial literacy right here at Britannia!

In May 2018, we partnered with several other community centres and resident-based organizations in a conference titled "Our Place-Our Community-Our Voice" focused on four pillars of Children and Families, Economic Development, Land Use, and Reconciliation. One key priority that emerged was creating better strategies to engage youth leadership in Vancouver's inner city. Institutions like schools, libraries, business improvement associations, community police, healthcare providers, resident associations, neighbourhood houses will be working in collaboration to ensure we are building a Healthy City (neighbourhood) for All!

We continue to be inspired by the leaders who build the Britannia community. Britannia's Seniors, Elders and Advocates (SEA) Committee is one of our many active committees. SEA recently partnered in the Elders Participating In Community (EPIC) research project. A report is forthcoming which outlines the concerns and priorities identified by local Elders and seniors. Key insights around advocacy, housing, accessible healthcare, recreation, and intergenerational engagement are among early findings.

Again, we acknowledge the important work our community board, staff, and volunteers and we invite you to get involved- become a member, run for the board, join a committee, take a class, or simply volunteer- this is how we build community together.

# Britannia RENEWAL

The Britannia Renewal Project continues to move forward with support from the community and our partners at the Vancouver Park Board, Vancouver School Board, City of Vancouver, and Vancouver Public Library. Our next major step is to develop more detailed design plans to begin the rezoning process. The Britannia site will need to be rezoned to allow for new uses, building form, and height. Community consultation will be ongoing through this stage of the process and we hope you will consider becoming involved. Check our website ([www.britanniarenewal.org](http://www.britanniarenewal.org)) for project updates or sign up to receive notification of upcoming events directly to your inbox. You will also find project reports and documents, including the Britannia Renewal Master Plan, and the Society's official response archived in our resource library.

The Planning and Development Committee continues to meet to guide the Britannia Renewal process and our meetings are always open to the public. We meet regularly on the third Tuesday of the month from 7-9pm in the Britannia Info Centre (1661 Napier). Community Consultation around key areas for community input will be ongoing throughout the Spring.

## Upcoming Events:

- Britannia Renewal Housing Forum - Saturday, March 2nd 11am-3pm at 1739 Venables
- Planning and Development Committee March Meeting - Tuesday March 19th 7-9pm at the Britannia Info Centre
- Planning and Development Committee April Meeting - Tuesday April 16th 7-9pm at the Britannia Info Centre
- Planning and Development Committee May Meeting - Tuesday May 21st 7-9pm at the Britannia Info Centre

Stay posted for additional upcoming events, meetings and consultations. We value your participation and we hope you will get in touch! Email us at [info@britanniarenewal.org](mailto:info@britanniarenewal.org)

## Community Resilience

Community Resilience is the ability of a community to respond to and recover from both chronic and emerging physical, economic, and social challenges. This ranges from traditional earthquake and emergency preparedness to tackling problems of inequality, isolation, and opportunity gaps. Community resilience is developed through community members coming together to address the challenges they identify in their neighbourhood, creating networks of connection and support, and developing strategies to create a better community for everyone.

The Grandview Woodland Community Resilience Project is guided by a steering committee of community volunteers. The project is supported through a partnership between Britannia Community Services Society and the City of Vancouver.

Our work involves:

- providing resources and support to existing neighbourhood groups and networks
- working with community members to create new opportunities for community development
- identifying the assets and challenges specific to our community
- working with the community to support and develop strategies to build local resilience

We are all East Van Resilient. We hope you will consider getting involved.

- Join the Grandview Woodland Resilience Steering Committee

**Our Place (Promoting Local Access and Community Empowerment)** is a collaboration of residents, community-based organizations, and service providers committed to ensuring local residents have every opportunity for success. **Our Place** uses a place-based collective impact approach to community building that is accountable to local neighborhoods/ residents first, recognizing that meaningful Reconciliation and Inclusion truly “takes a village”.

**Britannia** is fully engaged in the **Our Place** approach at the board, staff, and community level, supporting strategies such as Reconciliation in Action: Drive the Change, EPIC Elders, and the Graduation Strategy. Working in a place-based approach means thinking and acting outside the traditional program model and beyond the buildings. It’s about getting out into the community, building partnerships and supporting innovative programs and projects that break down barriers to participation and respond to the aspirations of local residents.

Other Our Place partners include Aboriginal Life in Vancouver Enhancement Society, Ray-Cam Community Centre, Hastings Community Centre, Grandview-Woodland Area Services Team, resident associations, REACH, VPL, VSB Community Schools Team, Vancouver Community College, neighbourhood houses and many others. Collaborating on this joint work reflects our common community values, especially that of maintaining a resilient voice for vulnerable community members living in our neighbourhoods.

***An important undertaking of Our Place has been the development of the Community Accountability Pledge and seeking the commitment of government, civil society and funders to work together differently with and within low-income communities where there is a high level of vulnerability***

The pledge has now been signed by over 30 organizations including the City of Vancouver, the Vancouver Park Board, the Vancouver Public Library, the Vancouver Police Department, the First Nations Health Council, the BC Representative for Children and Youth, the Congress of Aboriginal Peoples, The First Nations Summit, The North West Indigenous Council, and the British Columbia Government Employees Union.

**History**

**In 2011** OUR PLACE partners came together to address the complex issues that had resulted in a serious lack of school readiness among local preschool-aged children. According to the UBC Human Early Learning Partnership (HELP) Early Years data, up to 70% were considered “vulnerable”. A coordinated approach began to address the range of issues that families were facing. This included advocacy, and creating access to health care, housing support and employment services right in the neighbourhood. At the same time, specialized training and age appropriate supports and opportunities were introduced throughout the community in order to ensure children were meeting developmental milestones.

**In 2014**, new HELP data indicated that vulnerability of local children had been reduced by up to 25% in five years – significant given that all other areas in the province either increased in vulnerability or stayed the same. Research showed that the Our Place partnership approach and efforts were significant factors.

**Today Our Place is working to provide a continuum of PRENATAL TO ELDER'S CARE community-based supports and resources in our community. Visit: <http://ourplace-vancouver.ca/> or [www.alivesociety.ca](http://www.alivesociety.ca) and for more information or to get involved in Our Place, contact Erin Grant at [erin.grant@vancouver.ca](mailto:erin.grant@vancouver.ca) or 778.688.3445.**

## Workshops

### Ayacuchan Embroidery for Beginners (14+yrs)

From Ayacucho Peru, this embroidery style uses colourful wool or thread. It is easy to learn and to make it a hobby, usually creating new shapes and mixing different colours while you learn more patterns, empowering and uniting people along the way. Participants do not require previous experience. Facilitator will bring patterns, equipment and materials so participants can embroider one item. Please bring note taking material.

Sun	1:00-4:00pm	Apr 7
Rink Mezz		\$10/1 sess

### Needled Felted Sculpture workshop (12+yrs)

Use needle felting techniques to create a three dimensional wool sculpture that can be turned into a wearable brooch or used as home decor. Needle felting involves using barbed felting needles to sculpt wool roving into an endless array of shapes. Colourful top coat wools are used to decorate or "paint" your sculpture. While the possibilities and scope of this form of felting is nearly endless, Andrea will help you focus on creating sculptures with simple forms so that the class will be suitable for beginner felters. Participants need to bring an old blanket or large tea towel they will fold and use as a felting surface and note taking material. All other materials, equipment will be supplied.

### Child Care Mission Statement

To provide a range of safe, stimulating and nurturing child care programs that respect and embrace each child and family.

### About our Child Care Programs

Each of our programs is a unique reflection of its history, the community it serves, its staff members and its families, past and present. We believe that children learn about themselves, others and the world around them through play and creative expression. This allows children to learn naturally and practice important skills in the following areas:

- Social:** Communication, friendship skills, conflict resolution, sharing and co-operation.
- Intellectual:** Language and self-expression, problem solving, critical thinking, kindergarten readiness skills.
- Physical:** Large muscle and fine motor skills, safety and self-care skills (health, hygiene, large and fine motor development).
- Creative:** Self expression and concept development.
- Emotional:** Development of healthy self-esteem, self-confidence, self-awareness and abilities to deal appropriately with emotions.

### About our Staff

All of our staff are qualified as Early Childhood Educators, Special Needs Educators, Child and Youth Care Counsellors, or are Responsible Adult certified. Our staff is made up of a child care manager who is responsible for all programs, plus senior supervisors for each of the Child Care centres. The number of additional staff for each program is dependent upon the type of program and is always in accordance with child/staff ratios set by child care licensing regulations.

All staff, substitutes, students and volunteers are required to have a clear Criminal Record Search in accordance with child care licensing regulations. Go to [britanniacentre.org](http://britanniacentre.org) for more information and program details.
