

17th Annual Stone Soup Festival: *'Celebrating our global food community'*

Greetings,

Spring is just around the corner and planning is in full swing for another great Stone Soup Festival. This East Vancouver tradition marks the beginning of spring and gives opportunity for the local community to celebrate together. This is our 17th year of bringing community together in celebration of spring, food, the environment and community itself. More than ever people are aware of the issues of food security, the benefits of sharing resources and eating 'local'. Stone Soup will celebrate the global diversity of food, the environment and its importance to the 'culture' of our community. We are pleased to have Katherine Polgrain on the Stone Soup crew again this year as our Coordinator. Katherine will also be weaving the beauty of art throughout the festival. Artists, please see specific guidelines below. We look forward to another fabulous community foodie event with you, where foodies of all sorts come together to inspire community members to eat, grow and share in the beauty of spring, and all it has to offer.
